SUMMARY

On Sunday, 03/24/24, at approximately 11:34pm, Milwaukee Police Department Officers Becker, Enk, and Gohmann shot Marquis I. Little (M/B, [redacted]-03). The officers were investigating a report of shots fired in the apartment building at 54[redacted] N. 64 St. Little fled from officers in the apartment building. Little continued to flee on foot from officers to the area of the 6400 block of W. Sheridan Ave. where he fired a handgun at officers and was shot by officers. Little was treated at Froedtert Hospital where he remained in critical but stable condition at the time of this report.

In accordance with Wisconsin State Statute 175.47, the Milwaukee Area Investigative Team responded and investigated the use of force. The Wauwatosa Police Department was the lead investigative agency.

NARRATIVE

On Monday, 03/25/24, at about 1:40am, I (Sgt. James Wood) was notified of the officer involved shooting in the 6400 block of W. Sheridan Ave. Milwaukee, WI by MAIT Commander, Captain Eric Lindstrom of the Greenfield Police Department. I responded to the command post at W. Sheridan Ave./N. 65 St. and was briefed about the incident by Sgt. Matthew Bell of the Milwaukee Police Department. In accordance with the Milwaukee Area Investigative Team (MAIT) MOU, Sgt. Bell turned the investigation over to me.

The Milwaukee Police Department CAD for this incident is 2403240417. Compiled in this case are the supplemental reports and other documents which described the actions taken by members of the Wauwatosa Police Department and other MAIT agencies who assisted with the investigation. The following agencies assisted with the investigation:

- Glendale Police Department
- Brookfield Police Department
- Oak Creek Police Department
- Cudahy Police Department
- West Allis Police Department
- Waukesha Police Department
- Wisconsin State Patrol
- Wisconsin State Crime Lab

NARRATIVE

MILWAUKEE AREA INVESTIGATIVE TEAM SUPPLEMENTAL REPORT:

This report is completed by Detective Joel Kutz of the Wauwatosa Police Department as part of the Milwaukee Area Investigative Team (MAIT) investigation regarding an officer involved shooting in the City of Milwaukee by officers of the Milwaukee Police Department (Milwaukee Police Case # 24-0324-0147) on 03-24-2024 into the early morning hours of 03-25-2024. The Wauwatosa Police Department is the lead agency for the MAIT investigation with assigned case number 24-008430.

HOSPITAL RESPONSE:

I was tasked with responding to Froedtert Memorial Lutheran Hospital to make contact with members of the Milwaukee Police Department and to check on the status of the subject who was shot, Marquis I. Little (M/B [redacted]/2003).

I arrived at the hospital at about 2:50 AM on 03-25-2024 and made contact with Milwaukee PD Sgt. Kenneth Justus (SQ 9313) of the Criminal Investigation Bureau and Milwaukee PD Sgt. Raymond Debraska (SQ 7210), who were in the Surgical Staff Waiting Room. Sgt. Justus informed me that the suspect, Marquis I. Little (M/B [redacted]/2003) had just recently come out of surgery and was in for a CAT scan to determine whether all of the bullet fragments had been removed during surgery. He went on to give the following timeline regarding Little's medical care:

- Little was transported to Froedtert Memorial Lutheran Hospital Trauma, bed A by Milwaukee Fire Department Med 4, being admitted at 12:12 AM on 03-25-2024

- Little received 4 units of blood at the hospital

- Little was determined to have the following gunshot wounds:

- through and through to the left bicep
- through and through to the left forearm/wrist
- through and through to the right inner thigh
- left chest at the nipple line
    - bullet fragments were also located in the subclavian area on the left side, but as of that time, it was unknown if this was fragmented bullet from the left chest wound or an additional gunshot wound

- Little was transferred from Trauma A to Operating Room 35 and then to CT; Officer Ryan Kallas from Milwaukee Police District 4 and Detective Charitta Townsend were assigned to stay with Little.

- A portion of Little's lung was removed during surgery and he is currently in a medically induced coma.

- Little's property was removed from his person by Froedtert Hospital staff and turned over to Officer Kallas at 12:50 AM, who then transferred it to Sgt. Justus at 2:30 AM. Sgt. Justus turned over Little's property to me at 3:15 AM and it remained in my possession until I entered it as evidence at the Wauwatosa Police Station later in the morning (see below).

Sgt. Justus informed me that Milwaukee Police Department's numbers related to this incident are Call # 24-0324-1307 and Case # 24-0324-0147. He said the call came in at 11:17 PM on 03-24-2024 at 54[redacted] N. 64 St. #[redacted] and the shooting timestamp in CAD (computer aided dispatch) was 11:34 PM at 64[redacted] W. Sheridan Ave.

Sgt. Justus told me that Milwaukee Fire Department Med 4 and Engine 37 responded to the scene to provide medical aid to Little. The crews were part of Milwaukee Fire Department's Blue

Shift. The crew on Med 4 was Lieutenant / Paramedic (LT/PM) Jorim Fulsom and Firefighter / Paramedic (FF/PM) Jack Erwin. The supervisor on Engine 37 was Captain Thurow.

At about 3:30 AM, Little was moved to Surgical Intensive Care Unit (SICU) #8. Shortly after that, I went with Sgts. Justus and Debraska to meet Officer Kallas and Det. Townsend outside of SICU 8. observed Little, who was unconscious and intubated in the room. I was directed by Wauwatosa Detective Sergeant James Wood to leave Little in the custody of Milwaukee PD. Officer Kallas stayed with Little and I returned to the Wauwatosa Police Station with Little's property.

ENTRY AS EVIDENCE OF PROPERTY TAKEN FROM MARQUIS I. LITTLE (M/B [redacted]/2003) AT FROEDTERT HOSPITAL:

Once back at the Wauwatosa Police Station, I removed Little's property from the bag in which it had been placed at the hospital. Most of the property was blood soaked. I took 19 digital photographs the items (described below) and uploaded the photos to a secure folder on the Wauwatosa Police Department's servers.

The following items were recovered and entered as evidence:

- Wauwatosa Property # ***24-000929-1***: a red / black Chicago Bulls hooded sweatshirt that was soaked in blood and had been cut off of Little and was initially secured in the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000929-2***: a white tank top undershirt that had a small round hold on its left side that was soaked in blood and had been cut off of Little and was initially secured in the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000929-3***: black Kenneth Cole size medium athletic pants that were soaked in blood and had been cut off Little and were initially secured in the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000929-4***: a pair of gray Ed Hardy brand men's boxer brief underwear that were soaked in blood and had been cut off Little and were initially secured in

the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000929-5***: a pair of red / black size 10 men's Nike Air Jordan shoes that were wet with blood that had been removed from Little and were initially secured in the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000929-6***: a Wisconsin Quest card and Wisely Visa debit card, both in the name of Marquis Little, were sealed in plastic and secured in Wauwatosa Police Department Property Room locker #1

- Wauwatosa Property # ***24-000929-7***: a U.S. Social Security card (# [redacted]) in the name of Marquis Little was sealed in plastic and secured in Wauwatosa Police Department Property Room locker #1

- Wauwatosa Property # ***24-000929-8***: a QR code business card, hotspot voucher and business card that were bloody and had been removed from Little were initially secured in the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000929-9***: U.S. currency in various denominations totaling $840 that had been recovered from Little was counted, my count was verified by Detective Ryan Cepican, was sealed in a Wauwatosa Police Department money envelope and secured in Wauwatosa Police Department Property Room locker #1.

- Wauwatosa Property # ***24-000929-10***: a page that had been torn out of a book recovered from Little that was soaked in blood and was initially secured in the locked evidence drying cabinet in the Wauwatosa Police Department Property Room

- Wauwatosa Property # ***24-000936-1***: yellow copy of a Froedtert Legal Evidence Collection for Police Agencies form for Marquis Little that accompanied his property and was signed for by Milwaukee Police Officer Ryan Kallas at 12:50 AM on 03-25-2024. I scanned the form and attached it to this case file. The yellow form was sealed in a plastic document envelope and was secured int Wauwatosa Police Department Property Room locker #1.

FURTHER INFORMATION ABOUT MILWAUKEE FIRE DEPARTMENT PERSONNEL ON THE SCENE ON 03-24-2024 TO PROVIDE TREATMENT TO MARQUIS LITTLE:

I made contact via phone with Milwaukee Fire Department Assistant Chief Schuyler Belott to request assistance from his department in verifying the names of the members who responded to provide medical care to Marquis Little. It was confirmed that LT/PM Jorim Fulsom and FF/PM Jack Erwin were assigned to Med 4. I was informed that the crew for Engine 37 consisted of: Captain Michael Thurow, HEO (Heavy Equipment Operator - driver) Samuel Block, FF Anthony Feilen and FF Jackson Zgola.

MOVEMENT OF PROPERTY FROM THE EVIDENCE DRYING CABINET:

On 04-02-2024, I determined that the items listed above that had been placed in the evidence drying cabinet were dry. I placed the cards (Property # ***24-000929-8***) and book page (Property # ***24-000929-10***) in separate plastic document sleeves, sealed them and turned them over to Wauwatosa Police Department Property Clerk Victoria DeVita. I sealed each of the items of clothing listed above (Property # ***24-000929-1 through 24-000929-5***) in separate paper bags and then placed those bags into a larger paper bag. With assistance from Property Clerk DeVita, I placed those items into locker #8 in the outdoor garage.

NARRATIVE

Milwaukee Area Investigative Team Report

This report is completed by Detective Stephen F. Kirby of the Wauwatosa Police Department as part of the Milwaukee Area Investigative Team (MAIT) investigation into the officer involved shooting of Marquis I. Little (M/B [redacted]/2003) on March 24, 2024. The incident occurred approximately at the 6400 block of West Sheridan Ave. in the City of Milwaukee involving officers from Milwaukee Police Department. The Milwaukee Police incident number is 24-0324-0147. The City of Wauwatosa Police are the lead investigative agency with assigned case number 24-008430. On March 25, 2024 I was assigned the responsibility of the scene investigation in coordination with the Wisconsin State Crime Lab (WSCL)Crime Scene Response (CSR) team.

Scene Response and Overview

Arriving on scene at approximately 2:45AM I found the scene to be secured by Milwaukee Police. The incident involved a foot chase of a suspect from the large multifamily apartment building at 54[redacted] North 64th Street to the north. In the alley immediately adjacent to the east of the townhouse at 64[redacted] West Sheridan Ave. the officer's use of force occurred. Little then continued to run just west of the townhouse in the east west alley before collapsing behind the townhouses.

Wisconsin State Crime Lab (WSCL) Crime Scene Response (CSR) Team

The WSCL CSR team was officially requested and arrived on-scene. Chief Chris Johnson was the lead investigator with Julie Avila assisting. Also on scene as part of the CSR team, was Pamela Taylor (CSR Photographer), Marin Knisken, (CSR Team Member), Leaha Lackowski (CSR Team Member), and Yolanda Sanchez (CSR Team Member). The WSCL CSR assigned their case number R24-862. See WSCL CSR reports for details on scene processing specifics.

Interviews and Assistance at 64[redacted] West Sheridan Ave.

While on scene processing and recovering evidence the occupants of 64[redacted] West Sheridan Ave. requested to leave the scene with their vehicles which were inside the secured scene. I determined their vehicles were not evidence and not required to

remain at the scene. I assisted and allowed the occupants to leave after a brief interview where each claimed they did not hear or see anything related to the incident.

M[redacted]. H[redacted] (F/B [redacted]-1992) of [redacted] # [redacted] Milwaukee 53225 phone [redacted] and T[redacted]. F[redacted] (F/B [redacted]-1978) [redacted] 53225 Milwaukee phone [redacted] were cooperative and said they did not see or hear anything related to the incident.

A subject who claimed her name was K[redacted] D[redacted] (F/B [redacted]-1981) refused to provide a phone number and address and dose not come back with a driver's file was uncooperative. She claimed to have not seen anything or heard anything either.

Citgo Scene Overview

During the processing of the larger scene it was reported that fired bullets during the incident struck the Citgo gas station to the north of the incident location. I responded to the station at 6410 West Silver Spring Drive and found it to be secured by Milwaukee Police Patrol Officers. Two obvious new bullet impacts were apparent. Both rounds struck and passed through two different large glass windows on the south street facing side of the store, crossed the store and struck two separate beverage coolers doors. The windows showed large holes and the beverage cooler doors were completely shattered.

The west most beverage cooler door (to the left of the walk-in door AKA door "12") was struck at the top frame and the bullet was visible just lodged between the panes of glass. That bullet was recovered and later entered as item number 24-0948-1 by Detective Technician Romeis.

The east bullet strike on the beverage cooler door number "7" passed through both panes of glass and struck the ice tea bottle on the inside. The bullet then fell to the bottom edge of the door frame where was recovered and later entered as item number 24-0948-2 by Detective Technician Romeis.

Two other possible bullet strikes on the building were identified. Note, there were several other bullet strikes on the building that were confirmed to be old and unrelated.

The first bullet strike was on the canopy over the gas pumps inside the center of the "C" of Citgo. A circular defect in the metal was consistent with a bullet strike and consistent with the trajectory from this incident. The fact the strike was approximately

twenty to twenty-five feet above ground level and appeared penetrating made recovering the fired bullet unfeasible.

The second potential strike was on the façade of the building above and between the two known strikes. I was right at the paint line between two colors. A circular defect in the metal was consistent with a bullet strike and consistent with the trajectory from this incident. The fact the strike was approximately fifteen to twenty feet above ground level and appeared penetrating made recovering the fired bullet unfeasible.

During the recovery of those two bullets, I took a series of thirty-seven digital photos of the Citgo scene, the bullet strikes, and the bullets as found. Those photos were later uploaded to the secure digital Detective Bureau server under this case number as the MAIT server.

Fired Cartridge Case Recovered from MPD Officers

After later clearing the scene I was notified Milwaukee Police officers located a fired cartridge case stuck in a squad car tread at the scene. I then went and met with Milwaukee Police Officers Reese and Bremer (squad 3067) at District 4. They explained they were responding officers to the incident and were the second or third assisting units to arrive. They acknowledged they drove through the shooting scene during the exigency of the initial response and not knowing it was a scene of evidence. They were driving Milwaukee Police unit 067.

While waiting to assist in cleanup procedures after the scene was released they saw a shiny object in the tread of their squad tires and recovered it. At that point they realized it was a fired cartridge case consistent with Milwaukee Police duty rounds. They recovered and retained it and turned to over to me.

The fired cartridge case is in fact a silver case with a Speer headstamp and a 9mm +P cartridge which is consistent with Milwaukee Police duty rounds recovered at the scene. The cartridge also had deformations and scrapes consistent with being stuck in tire treads.

I entered the recovered cartridge as item 24-0934-1. It was packaged securely and entered into Wauwatosa Police Vaults for storage.

NARRATIVE

24-008430 Milwaukee Area Investigative Team

This report is completed as part of the Milwaukee Area Investigative Team (MAIT) investigation into the officer involved shooting in the City of Milwaukee (Milwaukee incident number P24-03241307). The City of Wauwatosa Police Department is the lead agency with assigned case number 24-008430. I, Detective Ryan Cepican, responded to the City of Milwaukee Police Department to assist the investigation. There I met with the three (3) involved officers in the case to document uniforms, officer injuries, firearms, equipment and round counts.
Due to the time frame in this case, as the incident occurred at approximately 11:34pm and the MAIT investigation was not initiated until after 1:45am, when I arrived at the Milwaukee Police Department, the involved Officers had already changed out of their duty uniforms. I was provided photographs that were taken after the incident.
The involved Officers also had their duty weapons recovered prior to my arrival. The duty weapons were turned over to me and I documented the weapons and round count.

Photos of Involved Officer: City of Milwaukee Police Officer Alexander M Gohmann - Squad 4232

A series of digital photos of Officer Alexander Gohmann were taken before I arrived. I reviewed the photographs and made the following observations of what the Officer was wearing at the time of the shooting. Officer Gohmann wore a dark blue long sleeve uniform shirt with City of Milwaukee Police patch on his left shoulder. Officer Gohmann was wearing a dark blue outer vest carrier. The vest carrier had his embroidered name patch (GOHMANN) on the right breast and a fabric Milwaukee Police badge on the left breast. His pants were dark blue cargo type uniform pants and his boots were a black duty style, that were covered in dried mud. Officer Gohmann was wearing a nylon duty belt with holster, baton, radio and Taser holster with Taser. Gohmann had the following items affixed to his outer vest carrier: OC spray, flashlight, knife, handcuff case, tourniquet, multi-use pouch and two (2) handgun magazine pouch. Officer Gohmann was equipped with a body camera, that was affixed to the center of his chest. Officer Gohmann's body camera was recovered prior to my arrival. Officer Gohmann had a reflective POLICE patch on the back of his vest carrier. Officer Gohmann said he was uninjured and his hands, arms and legs showed no injury. Officer Gohmann's hands had dried blood on them, from rendering medical aid, when he arrived at the PAB

and photographs were taken of his hands.

Milwaukee Police Department Detective Shamara Gonzalez turned Officer Gohmann's duty handgun over to me. Detective Gonzalez recovered Officer Gohmann's handgun at 12:40am.

The handgun was a Glock brand, model 45 9x19, with serial number [redacted]. The handgun had one round chambered. The magazine seated in the gun was engraved with "R637" and held fifteen (15) cartridges of 9mm Lugar +P ammunition with a bright silver case. The two (2) magazines that were in his magazine holder was turned over to me and found to both contain sixteen (16) cartridges of identical ammunition. The magazines were both engraved "R637". Officer Gohmann stated he carries full magazines of sixteen (16) with one round in the chamber. His total handgun ammunition load is 49 cartridges. He now had 48 cartridges indicating he fired one (1) cartridge of ammunition from the single magazine during the incident. The Glock handgun had a Streamlight TLR-1s gun light, with serial number [redacted], mounted on it. No other weapons from Officer Gohmann were used during the event according to him. After photos of the gun, magazines and ammunition were captured I recovered the Glock handgun, all ammunition, and magazines, then packaged them in a cardboard handgun box. I sealed the box with Evidence tape. I kept the handgun evidence box in my possession, until I entered the handgun into evidence at the Wauwatosa Police Department, under Property #24-939-1.

Photos of Involved Officer: City of Milwaukee Police Officer Collin J Enk - Squad 4282

A series of digital photos of Officer Collin J Enk were taken before I arrived. I reviewed the photographs and made the following observations of what the Officer was wearing at the time of the shooting. Officer Enk was wearing a knit stocking hat, with a Police badge and "MPD" embroidered on it. Officer Enk wore a dark blue long sleeve uniform shirt with City of Milwaukee Police patch on his left shoulder. His pants were dark blue cargo type uniform pants and his boots a black duty style and the left boot had dried mud on it. Officer Enk was wearing a dark blue outer vest carrier, with a fabric City of Milwaukee badge on his left chest and a fabric name tag (ENK) on the right chest. Officer Enk had a body camera attached to his outer vest carrier, in the center of his chest. Officer Enk's body camera was collected after the incident, prior to my arrival. Officer Enk was wearing a leather duty belt with holster, Taser, baton, OC spray, radio, flashlight, a pair of handcuffs, a handcuff case and two (2) handgun magazine pouch.

Officer Enk's pants had dried blood on them and were collected from Officer Enk prior to my arrival. Officer Enk's soiled pants were turned over to me in a paper bag. I kept the paper bag in my possession until I entered them into evidence at the Wauwatosa Police Department, under Property

#24-938-1.

The duty handgun from Officer Enk was collected by Milwaukee Police Department Detective Jose Flores at 1:02am. Detective Flores turned the handgun over to me.

The handgun was a Glock brand, model 45 9x19, with serial number [redacted]. The handgun had one round chambered. The magazine seated in the gun was engraved with "S420 3" and held sixteen (16) cartridges of 9mm Lugar +P ammunition with a bright silver case. Officer Enk had one (1) magazine in his magazine holder that was turned over to me and found to contain sixteen (16) cartridges of identical ammunition. The magazine was engraved "S420 1". Officer Enk stated he carries full magazines of sixteen (16) with one round in the chamber. His total handgun ammunition load is 49 cartridges. He now had 33 cartridges indicating he fired sixteen (16) cartridges of ammunition from the single magazine during the incident. Officer Enk had a Streamlight TLR-1 light attached to his Glock handgun. The serial number on the TLR-1 was [redacted]. No other weapons from Officer Enk were used during the event according to him. After photos of the gun, magazines and ammunition were captured I recovered the Glock handgun, all ammunition, and magazines, then packaged them in a cardboard handgun box. I sealed the box with Evidence tape. The box in my possession until I entered the handgun box into evidence at the Wauwatosa Police Department, under Property #24-939-3.

Photos of Involved Officer: City of Milwaukee Police Officer Kevin L Becker - Squad 4232

A series of digital photos of Officer Kevin L Becker were taken before I arrived. I reviewed the photographs and made the following observations of what the Officer was wearing at the time of the shooting. Officer Becker was wearing a knit stocking hat, with a Police badge and "MPD" embroidered on it. Officer Becker wore a dark blue long sleeve uniform shirt with City of Milwaukee Police patch on his left shoulder. His pants were dark blue cargo type uniform pants and his boots a black duty style and the boots had dried mud on them. Officer Becker was wearing a dark blue outer vest carrier, with a fabric City of Milwaukee badge on his left chest and a fabric name tag (BECKER) on the right chest. Officer Becker had a body camera attached to his outer vest carrier, over the right breast. Officer Becker's body camera was collected after the incident, prior to my arrival. Officer Becker was wearing a nylon duty belt with holster, empty Taser holster, two (2) handgun magazine pouches, multi tool and medical supply pouch. Officer Becker had the following items on his external vest carrier: radio, multiple flashlights, handcuff case, tourniquet and OC spray.

Officer Becker stated he did not believe he was injured.

The duty handgun from Officer Becker was collected by Milwaukee Police Department Detective Ryan Casey at 1:23am. Detective Casey turned the handgun over to me.

The handgun was a Glock brand, model 45 9x19, with serial number [redacted]. The handgun had one round chambered. The magazine seated in the gun was engraved with "S829 3" and held fifteen (15) cartridges of 9mm Lugar +P ammunition with a bright silver case. Officer Becker had one (1) magazine in his magazine holder that was turned over to me and found to contain sixteen (16) cartridges of identical ammunition. The magazine was engraved "S829 2". Officer Becker stated he carries full magazines of sixteen (16) with one round in the chamber. His total handgun ammunition load is 49 cartridges. He now had 32 cartridges indicating he fired seventeen (17) cartridges of ammunition from the single magazine during the incident. Officer Becker had a Streamlight TLR-HL light attached to his Glock handgun. The serial number on the TLR-HL was [redacted]. No other weapons from Officer Becker were used during the event according to him. After photos of the gun, magazines and ammunition were captured I recovered the Glock handgun, all ammunition, and magazines, then packaged them in a cardboard handgun box. I sealed the box with Evidence tape. The box in my possession until I entered the handgun box into evidence at the Wauwatosa Police Department, under Property #24-939-2.

Assignment:

On Monday, 3-25-24, I (Det. Beth Itnyre) was assigned to review Milwaukee Police 911 calls for this case (MPD #24-324-0147). The calls were in regards to an initial shots fired complaint in the area of 54[redacted] N. 64th St. and the Milwaukee Police District 4 officer involved shooting that occurred on Sunday, 3-24-24. I received a flash drive with the calls and call details from Milwaukee Police Det. Brian Maciejewski on 3-25-24. I sealed the flash drive in an envelope and entered it into property at the Wauwatosa Police Department for this case.

Dispatch: Okay, 54[redacted] North 64? And what apartment number?
Caller: 54[redacted], 54[redacted] North 64th Street. I don't know what apartment it is. I'm at my, I don't know what apartment it is. It's on my floor, I'm on the second floor. The address is 54[redacted] North 64th St.
Dispatch: Did you hear anybody scream for help, like if they were shot?
Caller: No, I just...
Dispatch: No?
Caller: I heard the gun. No, I didn't hear nobody scream, but I hear him like he's in the apartment and I'm standing out by my door, and I can hear him, he keeps saying like "I'm gonna pop this nigga, I'm gonna kill this nigga, This nigga said he's saying this" and the other girl is saying, "You just popped a gun inside the building. You need to hurry up and leave before the police come". And they

literally like, I don't know what apartment it is, I just know it's on the second floor.
Dispatch: And did you get a clothing description of anybody at all, or no?
Caller: No, I didn't see nothing, I can just hear it.
Dispatch: Oh, you can just hear it?
Caller: I didn't see anybody, I can just hear the, like, the walls are thin, I can hear the whole conversation. That's why...
Dispatch: Okay. And do you know why the argument started?
Caller: No, I don't know why. All I know is I heard a bunch of yelling, and the minute I came to my door I just heard, I heard a girl say that he shot a gun in the building and then I heard him say, keep saying that he pop whoever he talking to and he gonna kill them and they keep doing this. But I just keep hearing him say that he gonna shoot somebody. And I heard the gun go off like he shot it in the building.
Dispatch: Okay, so do you want to leave your name and number at all.
Caller: No, I do not.

NARRATIVE

This report is written by Wauwatosa Police Detective, Nick Stahl, assigned to the Wauwatosa Police Department, Detective Bureau, Early Shift.

Assignment:
On Monday, 03-25-24, Sgt. James Wood Assigned me to speak with employees of the Citgo Station, located at 6410 W. Silver Spring Dr., Milwaukee, in regard to the Milwaukee Police Department's officer involved shooting, occurring in the area of 64[redacted] W. Sheridan Ave - Milwaukee Police report # 24-324-0147.

It should be noted that this Citgo station is the location where (2) bullets were fired through the front, glass windows (facing south) of the gas station. The location of this gas station is approximately (1) city block north of where the shooting incident occurred and there are few obstructions between the shooting location and the gas station.

Contact with Citgo Employee - L[redacted]r S[redacted]:
On 03-25-24 at approximately 9:15 PM, I went to the Citgo, located at 6410 W. Silver Spring Dr., to speak with the night time attendant, L[redacted] S[redacted].

S[redacted] allowed me into the back office to speak with him. Note that there was a significant language barrier as English is not S[redacted] primary language.

S[redacted] told me that he started his shift at approximately 9:15 PM on 03-24-24. Due to him being behind the counter when this incident occurred, he did not see or hear anything prior to the gas station being struck by stray bullets.

S[redacted] was unable to relate to me how many customers were in the store at the time. He did say that the gas station's security guard was working at the time of the incident. S[redacted] provided me with the guard's name and telephone number, identifying him as P[redacted] E[redacted], Ph # [redacted]-[redacted]-[redacted], from "Unit Security LLC."

When asked about surveillance footage, S[redacted] directed me to the back room of the business and

allowed me access to the DVR. The business has several cameras, however, the system is antiquated and and is not user friendly. I wasn't able to view anything because of how slow the system was and asked S[redacted] if the system actually worked. S[redacted] responded by telling me the WiFi doesn't work and is the reason the system is slow. After approximately (1) hour, I left the station after not being able to view any of the surveillance footage.

Phone contact with P[redacted] E[redacted] - Security Guard:

On 04-09-24, I was able to make phone contact with the Citgo Security Guard, P[redacted] E[redacted] m/b, [redacted]-[redacted]-89.

E[redacted] confirmed that he was working as a Security Guard at the Citgo, 6410 W. Silver Spring Dr., when the officer involved shooting occurred.

He stated the following: He was outside of the store, smoking and talking to another person when he heard the sound of a gunshot, followed by a male voice stating something to the effect of "I don't give a fuck" followed by some other unintelligible swear words. E[redacted] states that he then told the person he was standing next to outside "I guess he don't give a fuck."

After approximately (5) minutes passing, he stated that he could tell there was some sort of situation taking place in the area of the shooting. He had been leaning against a wall and stood up to try and see what was happening, however, he couldn't see anything because it was dark and some distance away.

Shortly after standing up, he heard the sound of gunshots, one of which struck the window at Citgo, just above his head where he was standing. At that time, he pulled out his weapon and went inside the gas station to take cover. He stayed near the door and and essentially covered the door of the gas station until the police arrived and took over the scene, which he told me was approximately (5) minutes after the building was struck.

E[redacted] told me that no one at the gas station was hurt as a result if the bullets striking the windows. End of statement.

End of report.

Dispatch Audio:

I (Det. Beth Itnyre) was assigned to obtain and review Milwaukee Police dispatch/radio audio for this case (MPD #24-324-0147). On Tuesday, 3-26-24, I received a flash drive with the dispatch/radio audio from Milwaukee Police Det. Brian Maciejewski. I checked the flash drive and found it to have dispatch/radio audio for this case as well as phone calls to dispatch for this case. The calls to dispatch were consistent with the ones I had already received and entered into property on 3-25-24. maintained custody of the flash drive until I sealed it in an envelope and entered it into property at the Wauwatosa Police Department.

The dispatch/radio audio was provided as a WAV file. The time stamp of each transmission and which officer/employee is making the transmission is unknown based off the information provided. The following is a transcription of the dispatch/radio audio:

Contact with B[redacted] L[redacted] (F/B[redacted]/61)

On Monday, March 25th, 2024, I made contact with B[redacted] L[redacted] (F/B [redacted]/61), who identified herself as the mother of Marquis Little. Mrs. L[redacted] stated she was aware that her son, Marquis, was involved in an incident with the Milwaukee Police Department and knew that Marquis was in stable condition in the ICU at Froedtert. Mrs. L[redacted] stated she was made aware of the incident via other family members and social media.

Mr.s L[redacted] advised that she last spoke with Marquis on Sunday morning (March 24th) via a phonbe call Marquis made to her at about 12:30am. Mrs. L[redacted] stated Marquis called very late and seemed to be intoxicated, that he told her he lover her and would talk to her again soon. Mrs. L[redacted] stated the phone call lasted about 30 seconds. Mrs. L[redacted] did not know very much about where Marquis was living or whom he was dating other than possible, "A young girl that lives in the area of Westlawn".

Mr.s L[redacted] further stated that Marquis has some mental problems (Unknown diagnosis) and was supposed to taking prescribed medications but did not know what those medications would be. Mrs. L[redacted] did not no if Marquis owned or carried a gun***.*** ***END***

NARRATIVE

This report is completed by Detective Joel Kutz of the Wauwatosa Police Department. It is part of the Milwaukee Area Investigative Team (MAIT) investigation into the officer involved nonfatal shooting of Marquis I. Little (M/B [redacted]/2003) on 03-24-2024. The incident occurred after a call for service to the Milwaukee Police Department at 54[redacted] N. 64 St. in the city of Milwaukee. The Milwaukee Police Department case number is 24-0324-0147. The Wauwatosa Police Department is the lead investigative agency related to the officer involved shooting and the assigned Wauwatosa Police incident number is 24-008430.

Interview of Involved Officer, Alexander M. Gohmann

On 04-03-2024 between about 11:45 AM and 12:30 PM, I took the statement of Milwaukee Police Officer Alexander Gohmann (Milwaukee Peoplesoft ID number 035681). Also interviewed on 04-03-2024 were other involved officers of the Milwaukee Police Department: Kevin Becker and Collin Enk.

Present at the interview was Officer Gohmann's Attorney, Steven C. McGaver of the law firm of Crivello, Nichols and Hall. Also present were Wauwatosa Detective Kelly Zielinski and Wauwatosa Detective Sergeant James Wood. The interview took place in a conference room at the offices of Crivello, Nichols and Hall, 710 N. Plankinton Avenue, Suite 500 in the City of Milwaukee.

Officer Gohmann's Background

Officer Gohmann has been a police officer with the Milwaukee Police Department since his appointment on April 18, 2022. Prior to that time, Officer Gohmann was a police officer in Illinois with the Waukegan Police Department for 1 and 1/2 years and then with the Hebron Police Department for approximately 5-6 years. Officer Gohmann first attended the police academy for 10 weeks at the Cook County (IL) Sheriff's Academy in 2014. He attended the Milwaukee Police Department Academy for 6 months, beginning on April 19, 2022. Prior to attending the police academy in Illinois, Officer Gohmann worked security jobs. Officer Gohmann earned a Bachelor of Science Degree in Accounting from Southern New Hampshire University in 2016 and is currently

working to earn a Master's Degree in Public Administration from Southern New Hampshire University.

On 03-23-2024, Officer Gohmann did not work and he attended and played volleyball as a fundraiser for Milwaukee Officers Peter Jerving and James Nowak, who had been killed. The night of 03-23-2024, Officer Gohmann slept for 8 hours.

On 03-24-2024, Officer Gohmann spent most of the day in bed as he was sore from playing volleyball the day before. He took Tylenol for muscle soreness and ate normally before working Early (Second) Shift on 03-24-2024.

On 03-24-2024, Officer Gohmann arrived at Milwaukee Police Department District 4 Station (6929 W. Silver Spring Drive) at about 3:30 PM. He was wearing full Milwaukee Police Department uniform with an outer vest carrier that had a cloth patch badge on the left chest, his name on the right chest and the word POLICE in block lettering on the upper back. Officer Gohmann had a duty belt with all of his assigned equipment and also had a chest mounted body worn camera (BWC). He had taken his BWC home after his prior shift, which ended on 03-22-2024, which is a common occurrence. The BWC was charged to between 46 and 48 percent. Officer Gohmann attended roll call at 3:48 PM.

Officer Gohmann was assigned Squad number 4232 on 03-24-2024, which primarily covers the south end of Milwaukee Police District 4. Squad 4232 was a 2 officer squad assignment. His assigned partner was Officer Kevin Becker and this was their first shift working together as partners.

Officer Gohmann said they went into service sometime between 4:10 and 4:15 PM. Officer Becker was driving the squad for the duration of their shift, which was a marked City of Milwaukee Police Department SUV.

Call for Service Prior to Officer Involved Shooting

At about 4:15 PM, Officers Gohmann and Becker were dispatched, along with other officers, to a nonfatal shooting in the area of N. 68 Street and W. Villard Avenue. The Milwaukee Police Department Tactical Enforcement Unit (TEU) was on an assignment just down the street from that location when they heard gunshots and requested that officers be dispatched to investigate. Officers Gohmann and Becker eventually located the victims of the shooting and rendered aid to them.

Officer Gohmann said that he and Officer Becker were on that nonfatal shooting call for most of their

shift.

At about 11:00 PM, Officers Gohmann and Becker went to the Kwik Trip gas station on N. 124 Street, south of W. Hampton Avenue in the Village of Butler to get food. They began their drive back to the District 4 station shortly after 11:00 PM.

Call for Service at 54[redacted] N. 64 Street

Officer Gohmann heard Officers Schlei and Daering asking for another squad related to a shots fired call at 54[redacted] N. 64 Street. Officers Gohmann and Becker were on W. Silver Spring Drive at about N. 91 Street when they heard the request. Officer Gohmann did not hear the initial call for service for shots fired to which Officers Schlei and Daering were sent. Knowing Officers Schlei and Daering, Officer Gohmann knew that there was some urgency in their voices as they requested additional help. Officers Gohmann and Becker decided to assist, so they quickly but non-emergently responded to 54[redacted] N. 64 Street and parked south of the address on N. 64 Street.

Officer Gohmann saw one of the apartment building's security guards holding a door open on the east side of the building, so he and Officer Becker walked there and entered a stairwell for the building. They met Officers Schlei and Daering who were formulating a plan to search for the source of the shots fired. Officer Gohmann noticed a fired handgun cartridge casing on the floor of the first level in the stairwell. At this point, Officer Gohmann drew his handgun and put it into "position sul" (a trained manner of holding a handgun that keeps the muzzle pointed down and in a safe direction).

Officer Gohmann and other officers encountered a female subject on the second floor in the stairwell. He could not describe her further, but said that police asked her about whether she had heard anything related to gunshots. The female laughed, said she had heard something, but that she wouldn't talk to police.

Officers went to the third floor and checked down the hallway to ensure there were no problems on that floor. Finding none and having information that the incident may have started on the second floor, officers made their way down one floor and entered the second floor hallway. Officer Gohmann said that he learned the call may have originated relating to apartment [redacted]. As he was walking to the second floor, Officer Gohmann realized the battery on his BWC had died, so he notified the other officers and also made an announcement over his police radio that his camera was dead and he checked to ensure that other officers were recording with their BWCs. At the door from the second floor stairwell into the second floor hallway, officers opened the door and Officers Schlei and Daering entered the hallway first. Officer Gohmann saw 2 people in the hallway, who he was

only able to describe as one being tall and the other short, but he could not give any further description. He could not remember if the subjects were male or female.

Officer Gohmann said that he heard yelling coming from inside of apartment [redacted]. Officers Schlei and Becker went to the door for apartment [redacted] and Officer Gohmann went to the door for the next apartment to the south. Officers Daering and Enk cleared the hallway of any potential threats. At one point, Officer Gohmann observed a security guard walk past and point to apartment [redacted].

Officer Gohmann observed a tall black male subject ask Officer Schlei if he could go into apartment [redacted] to retrieve his phone. He was told no, but went in anyway, slamming the door in the faces of officers.

Officer Gohmann heard someone yell that someone was jumping off of the balcony in apartment [redacted]. Officer Gohmann believed it may have been yelled by Officer Schlei or Officer Becker. Officers Enk and Gohmann ran south to the south stairs and went downstairs and out to the west side of the building to check whether anyone had jumped from the balcony. Officer Gohmann expected that if someone had jumped from the balcony, they would likely have been injured because it would be a long drop from the balcony to the grass below.

When he got around the corner from the south to west side of the building, Officer Gohmann did not see anyone, but he could hear yelling. Officer Gohmann walked along the west side of the building. He heard Officer Becker yelling over the radio that a subject was running northbound on N. 64 Street. Officer Gohmann said the next building north of 54[redacted] N. 64 Street is 64[redacted] W. Sheridan Avenue. He ran east between those buildings and turned north on 64 Street. As he looked to the north, Officer Gohmann saw Officer Becker running and rounding the corner to go west from N. 64 St. onto W. Sheridan Avenue. When Officer Gohmann began running on the west side of 54[redacted] N. 64 Street, Officer Enk was behind him. When Officer Gohmann ran east between the buildings, Officer Enk ran west to the west side of 64[redacted] W. Sheridan Avenue in an attempt to get ahead of the suspect who was running west on Sheridan.

As Officer Gohmann turned the corner to go west on W. Sheridan Avenue from N. 64 Street, he observed Officers Becker and Enk chasing a male black subject who was wearing an orange/reddish jacket and a backpack. Officer Gohmann was about 50 yards away from the subject and Officers Becker and Enk when he heard over the radio that the subject was trying to get into a white car.

Officers Becker and Enk were chasing the subject, who had turned around and was running eastbound toward Officer Gohmann. All of the officers were yelling at the subject, "Police! Stop!"

multiple times. Officer Gohmann said he also yelled at the subject, "Get on the ground!" multiple times. The subject did not comply and turned to run north on N. 65 Street, which Officer Gohman described as more of an alley than a street. Officer Becker was closing the distance to the subject was about 20 feet from him at this point.

Officer Gohmann observed the subject drop a backpack and he noticed that white earphones were dangling from the backpack. The subject stopped running and started walking north with a black object in his right hand. At this point, Officer Gohmann was east of the subject and on the north side of W. Sheridan Avenue.

Officer Gohman saw that Officer Becker got to within 10 to 15 feet of the subject. All of the officers were yelling, "Police! Get on the ground!" The subject did not comply. Officer Becker pulled his Taser (electronic control device - ECD) out of its holster. Officer Gohmann heard the distinct pop sound of the ECD being deployed at the subject. It appeared that the ECD did not have the desired effect on the subject. Officer Gohmann took up a cover position next to a vehicle on W. Sheridan Avenue. The subject was silhouetted perfectly by lighting in the area.

The subject turned toward officers, raised what Officer Gohmann could tell was a handgun, pointed it toward officers and yelled, "You're gonna have to kill me! You're gonna have to shoot me!" Officers still yelled to the subject to get on the ground, but he did not comply.

Officer Gohmann did not know where Officer Enk was, other than that he was somewhere to the left (west) of Officer Becker. The subject pointed the handgun at Officer Becker. Officer Gohmann said he feared for the safety of Officers Becker and Enk and himself, thinking the subject was going to shoot and kill them.

Officer Gohmann saw muzzle flash from the suspect's gun and heard a shot that appeared to be aimed at Officer Becker, who was standing in the open on N. 65 Street. Officer Gohmann said, "at least one shot is what I heard" and that everything seemed to stand still and that it didn't seem real. At this time, Officer Gohmann estimated he was about 80 feet away from the suspect. He saw Officer Becker draw his handgun and shoot toward the subject and he then noticed Officer Enk against the building to the west of Officer Becker as Officer Enk fired his handgun toward the suspect.

Officer Gohmann said he was continuing to fear that Officer Becker was going to die because of the suspect's actions, so he leaned against the car he was standing next to for stability, aimed his handgun and fired one round at the suspect's center mass in order to stop the threat. Officer

Gohmann said he fired only one round because of the distance between himself and the suspect. After three to four seconds all of the gunfire ended. Officer Gohmann did not have any idea as to the number of rounds fired by the suspect, nor by the other officers.

At that time, Officer Gohmann became aware that there was a person sitting in the car he had been standing next to because he heard that person say, "Whoa!"

After the gunfire ended, Officer Gohmann observed Officers Becker and Enk run after the suspect, who had begun to run north on N. 65 Street and then west in the alley to the north of W. Sheridan Avenue. As he began running toward them to check on the other officers, Officer Gohmann observed a black handgun magazine on the east side of N. 65 Street. As he continued running and was going west in the alley west of N. 65 Street, Officer Gohmann observed a handgun in the middle of the alley. He could not describe the handgun further.

Officer Gohmann observed the subject laying on the lawn in a backyard, south of the alley to the rear of approximately the 6600 block of W. Sheridan Avenue. Officer Gohmann said that he is sure that the suspect's path when he ran from where he was standing when he fired at Officer Becker would have taken him right past the location that he saw the handgun in the alley.

When he arrived at the suspect's location, Officer Gohmann heard the suspect yelling, "I'm gonna die!" Officers were telling him he wasn't going to die. Officer Enk ripped the suspect's shirt off and Officer Gohmann saw a bullet wound in the suspect's chest. Officer Enk put his hand over the wound as it was bleeding. Officer Gohmann knew he needed a chest seal to put over the wound, but didn't have one with him, so he took a medical glove out of his utility pouch and put the glove over the wound, pressed Officer Enk's hand over the glove and then pressed his hand over Officer Enk's hand, putting firm pressure over the wound. Officer Gohmann said he had to pin the suspect's right arm down with his knee because the suspect kept flailing around and wouldn't lay still, despite Officer Gohmann telling him to lay still so that they could provide medical treatment to save his life.

The suspect kept saying, "I'm gonna die!" over and over again.

As Officers Gohmann and Enk were providing lifesaving care to the suspect, Officer Gohmann had no idea where Officer Becker had gone.

Officer Gohmann began hearing sirens coming from everywhere and he was working to keep the suspect calm.

Officer Gohmann eventually felt a hand on his shoulder, but ignored it as he was focused on caring for the suspect. Eventually, he realized that the hand was that of Milwaukee Police Sergeant Rusch, who is a Late (3rd) Shift supervisor from District 4. Sgt. Rusch pulled Officer Gohmann away from the suspect and other officers took over providing treatment to him.

Sgt. Rusch escorted Officer Gohmann to Sgt. Rusch's police SUV and had Officer Gohmann sit inside after he told Sgt. Rusch that he had fired his handgun during the incident.

A short time later, a Milwaukee Police Sergeant, who Officer Gohmann believed to have a last name of Rodolfo and to be from District 7 asked Officer Gohmann his Public Safety Statement (PSS) in Sgt. Rusch's squad. Officer Gohmann was eventually transported to the Milwaukee Police Administration Building (PAB), where he was photographed and a round count was conducted related to his handgun and spare magazines.

Officer Gohmann told me that verbal commands and a Taser was tried to gain compliance from the suspect, but none of it worked. Officer Gohmann said that there was no option other than for him and other officers to use deadly force to stop the suspect from killing him, other officers and possibly members of the public. Officer Gohmann said that he had all three target requirements before discharging his department-issued handgun at the suspect. He identified that the suspect was the person pointing and firing a handgun at officers. He isolated the suspect from anyone else as Officer Gohmann did not observe any people behind the suspect. He acquired the suspect as Officer Gohmann steadied himself against the vehicle next to which he was standing and took one well aimed shot to stop the threat.

Officer Gohmann told me that he has not been involved in any other situations during which he or another officer used deadly force.

NARRATIVE

This report is completed by Detective Kelly Zielinski of the Wauwatosa Police Department as part of the Milwaukee Area Investigative Team (MAIT) investigation into the officer involved nonfatal shooting of Marquis I Little (M/B [redacted]/03) at 64[redacted] W Sheridan Ave, in the City of Milwaukee. The City of Wauwatosa Police Department is the primary investigative agency (#24-8430); this report will be attached to Milwaukee Police Department incident number #24-03240147.

Interview of Involved Officer: Milwaukee Police Officer Collin Enk

On April 3rd, 2024 at 10:30am, I, Detective Kelly Zielinski interviewed Officer Collin Enk, his attorney, Steven McGaver accompanied Officer Enk. Wauwatosa Police Sergeant James Wood and Wauwatosa Detective Martin Keck were also present during the interview. The interview was conducted in a conference room at Crivello Nichols & Hall Law Office located at 710 N. Plankington Ave, Milwaukee WI. Officer Enk declined my request to record the interview. I confirmed with Officer Enk that this was a voluntary interview and that he was free to go at any time.

Officer Enk said that he had not reviewed any evidence, photographic, video (including his body camera footage) or otherwise before speaking with me.

Background

Officer Enk (People Soft #629963) attended the basic Milwaukee Police Department (MPD) Academy in 2021 and was appointed to MPD in February 2022. Prior to working for MPD, Officer Enk attended MATC Downtown Campus and started working towards his associate degree in Police Science. Officer Enk was assigned to MPD District #4 on the late shift and was recently assigned to District #4's Violent Crimes Reduction Team on the early shift.

Activities Prior to Critical Incident (OIS)

On Saturday, March 23, 2024, nothing of significance occurred during Officer Enk's shift. Following his shift, Officer Enk returned home and had a normal night of sleep. On Sunday March 24th, Officer Enk woke up, played video games and started preparing for work at about 230pm. Officer Enk felt normal physically and emotionally.

Assignment on March 24th, 2024

On March 24th, 2024, Officer Enk arrived to work at 330pm, and attended roll call at 348pm. Officer Enk works the Early shift (4:00pm to 12:00am) on a rotating schedule (On 7/ off 2, on 3/off 2) and was on his seventh (7th) day in the 7/2 rotation at the time of the incident on March 24th. Officer Enk was assigned to squad car #4282 and was a one-man squad. Officer Enk took out a fully marked MPD SUV squad with 360-degree emergency lighting.

At about 4:00pm, Officer Enk responded to and assisted other MPD squads with a road-rage/shooting incident that originally occurred at N 54th St/ W Villard Ave., and then moved to the 6800 blk W Villard Ave, where two shooting victims were located. Officer Enk assisted with traffic control at the incident scene and cleared the call at about 7:30pm. Nothing else of significance occurred during Officer Enk's shift until the Officer Involved incident at 54[redacted] N 64th St.

Shots Fired Call

At about 11:30pm, Officer Enk was at the District #4 station conducting follow up investigation on an unrelated case. While at the station, Officer Enk heard Officers Schlei and Daering being dispatched to a possible shots fired call at the apartment complex located at 54[redacted] N 64th St. Officer Enk stated he cleared the station and started to respond to the location to assist. Officer Enk stated he knows through experience that calls originating from the Westlawn Apartment complex are usually higher priority calls that often involve more violent crimes and the need for additional officers is common.

While responding to the area, Officer Enk heard over the radio that Squad #4232 (Officers Becker and Gohmann) also arrived on scene. Officer Enk responded to the area and parked his squad on N. 64th St just south of Sheridan Ave. Officer Enk had activated his emergency lights while in route to clear an intersection which activated his bodycam and recorded the entire incident.

Officer Enk stated he heard over the radio that squad #4232 was out with security at 54[redacted] N. 64th St at an exterior doorway on the east side of the building. Officer Enk responded to the east doorway and made entry into the apartment building and started to clear the building with other Officer's. Officer Enk stated they went up a stairwell and came upon a F/B subject standing on the second floor landing. The F/B subject told Officers that "Someone's up there shooting", or something to that extent and they continued to clear the building.

Officer Enk stated that a couple of Officer's stayed on the 2nd floor landing as they had information that the shooting possibly occurred on the second floor more specifically related to Apt. #[redacted]. At that time Officer's had located a spent shell casing on the floor near the 2nd floor stairwell. Officer

Enk stated he and Officer Daering cleared the third floor of the building to make it safe and responded back to the second floor landing with the other Officer's stacked up on the doorway leading from the stairwell to the main hallway.

Officer Enk stated they quickly formulated a plan to breach the stairwell door and enter the hallway and make a tactical approach to apartment #[redacted]. Officer Enk stated as Officer Schlei opened the door, he observed a M/B and F/B subject walk past the doorway and walk down the hallway towards the last apartment on the floor. Officer Enk described the M/B subject as wearing an orange jacket and black pants.

Officer Enk stated they all entered the hallway and stacked near the doorway to apartment #[redacted]. They could hear several different female voices arguing inside the apartment. They knocked on the door and announced themselves as "Milwaukee Police" but nobody came to the door. As they stood by the door, Officer Enk stated he heard what sounded to him like someone opening the patio doors and someone jumping over the rails and off of the balcony. Officer Enk stated he knows that all the units in the apartment building have balconies and thought that a potential suspect could be attempting to flee the apartment and leave via the balcony and made the decision to run out of the building to check the balcony area.

Suspect Located

Officer Enk stated he ran down the south stairwell with Officer Gohmann and ran west towards the north west corner of the building to check for any subjects that might have jumped from the balcony. Officer Enk stated as he approached the balcony, he did not observe anyone in the area, but heard Officer Daering over the radio state, "Black male, red sweatshirt, black pants running north on N 64th St".

Officer Enk stated at some point he realized Officer Gohmann was with him on the northwest corner of the building. Officer Enk stated he started to run west around the building to N 65th St., and Officer Gohmann ran east towards N 64th St. Officer Enk stated as he ran north along N 65th St, he heard Officer Becker announce over the radio that he was chasing the suspect wearing the orange sweatshirt and black pants north on N. 64th St. towards W. Sheridan Ave. Officer Enk stated as he came around the corner of the building he could see Officer Becker chasing the suspect west on the north side of Sheridan Ave.

Officer Enk stated due to the nature of the initial call (Shots Fired), locating a spent shell casing, and Officer's in foot pursuit of a suspect possibly involved in the shots fired call, he decided to draw his firearm while attempting to apprehend the suspect. Officer Enk stated he ran east towards the

suspect in the orange sweatshirt who continued to run west towards him. Officer Enk stated he could hear Officer Becker giving verbal commands to, "Stop, Police". Officer Enk stated the suspect made an abrupt turn and again ran east and dropped the black backpack he was carrying on his shoulder to the ground.

Approach to suspect/shots fired

Officer Enk stated Officer Becker continued to close the gap between him and the suspect as the suspect turned north down an alleyway, north of Sheridan. Officer Enk stated he observed Officer Becker attempt to deploy his taser on the suspect hearing the "Pop" of the taser followed by the electrical charge. Officer Enk stated as he approached the corner of the building at the entrance to the alley, he holstered his firearm and prepared to go "hands on" (Explaining taking the suspect into custody) with the subject if the taser deployment was successful. Officer Enk stated the next second, he observed the suspect extend his arm and heard an additional 2 "Pops" in short succession and saw muzzle flash from the suspect's extended arm. Officer Enk stated these 2 "Pops" were distinctively different from the first taser "pop" and he knew through training and experience that the 2 additional "pops" were from a firearm. Officer Enk further stated when he observed the muzzle flash, he immediately saw sparks on the sidewalk in front of Officer Becker and knew that the suspect was shooting at Officer Becker.

Officer Enk stated at this point Officer Becker was approximately 10 feet from the suspect and that he was approximately 15 feet from the suspect. Officer Enk stated he feared for Officer Beckers life, his life, the lives of other Officer's and also the general public. Officer Enk stated he knew other intervention options would not be effective (Taser deployment unsuccessful), and unholstered his service weapon and deployed deadly force. Officer Enk stated he knew he fired at the suspect at least 1 time, but less than 17. Officer Enk stated he conducted an in-battery reload, releasing the magazine that had been seated in his firearm to the ground while replacing that magazine with a fully loaded magazine (17 rounds).

Officer Enk stated he believed the suspect was hurt but he did not fall to the ground. The suspect then turned away from the Officer's and started to walk away from them in a westerly direction in the parking lot on the north side of the apartment building. Officer Enk stated they all continued to give commands to the suspect to "Get on the ground", but that the suspect refused to obey their commands. Officer Enk stated the suspect had his arms down by his sides and staggered approximately 15-20 feet before falling to the ground. Officer Enk stated after the initial volley of fire and the suspect turned and started walking away, there were no additional shots fired at the suspect.

Officer Enk stated he made his way over to Officer Becker on the sidewalk, and they tactically

approached the suspect, who was laying face down with his arms out to the sides. Officer Enk stated the suspects hands were empty and did not know where the suspect's firearm was. Officer Enk stated they stabilized the suspect on the ground to gain control and that he called out over the radio "Shots fired, suspect in custody, 64[redacted] W Sheridan". Officer Enk stated they did a quick search for any additional weapons and then started to administer medical aid to the suspect.

Medical Aid to Suspect

Officer Enk stated as other officers responded to the scene, they started to give medical attention to the suspect. Officer Enk stated while checking the suspect for injuries the suspect continued to resist and told them, "I shouldn't of done that, I'm sorry". Officer Enk continued to assist with medical aid, locating a gun shot wound to the suspects lower left pectoral area. Officer Enk assisted using his bear hands to attempt to stop the bleeding until a make-shift chest seal using a blue latex glove could be applied.

Removal from the Scene

Officer Enk stated eventually Sgt. Rusch pulled him from the group attending to the suspect, and was escorted back to Sgt. Rydzewski's marked MPD squad. Officer Enk stated he gave his public safety statement to the Sergeant and was conveyed downtown to the Police Administrative Building.

NARRATIVE

This report is written by Wauwatosa Police Det. Martin Keck.

OVERVIEW

I am currently assigned as an investigator on the Milwaukee Area Investigative Team (MAIT). On Wednesday, 04/03/24 at 9:00am, I was assigned to conduct an interview of Milwaukee Police Officer Kevin L. Becker. The interview took place inside of a conference room at Crivello, Nichols & Hall, located at 710 North Plankinton Ave., Suite 500, in the City of Milwaukee. Also present for the interview was Attorney Steven McGaver (representing Officer Becker), Sgt. James Wood and Det. Kelly Zielinski.

I introduced myself to Officer Becker. I explained to him that I wanted to obtain a statement pertaining to the incident which occurred on 03/24/24 in the 6400 block of W. Sheridan Ave., in the City of Milwaukee. Attorney McGaver and Officer Becker advised they did not want the interview recorded and the interview was not recorded.

OFFICER BACKGROUND

Officer Becker graduated from Oak Creek High School. He obtained an associate's degree from MATC – Oak Creek. He attended recruit school at MATC.

Officer Becker was an auxiliary police officer for the Cudahy Police Department for three to four years before being hired by the Milwaukee Police Department. Officer Becker was hired by the Milwaukee Police Department on December 5, 2017. After being hired, Officer Becker went through the police academy with the Milwaukee Police Department.

After graduating from the academy, Officer Becker was assigned to District 4 – Early shift patrol. Officer Becker remained in District 4 until he transferred to District 1. He then returned to District 4 where he remains assigned to Early shift patrol.

Approximately two years ago, Officer Becker attended a Tactical Emergency Casualty Care Course

through the Milwaukee Police Department where he was taught how to provide emergency care to individuals suffering gun shot wounds among numerous other things.

Officer Becker has never been in an officer involved shooting incident, either directly or as a witness. At the time of the interview, Officer Becker did not know the name of the suspect in this incident. He had no prior interactions with the suspect.

SHIFT ASSIGMENT

Officer Becker was assigned to work 4PM – 12AM on 04/03/24. He slept in the day of 04/03/24 and did not do anything prior to coming into work. Officer Becker stated he had good sleep the night before and felt fine going into work. He was assigned Sq. 4232 and his partner was Officer Alexander Gohmann. This was the first shift Officer Gohmann and Officer Becker were assigned as partners.

Officer Becker explained the first assignment he and Officer Gohmann responded to was a road rage shooting on Villard Ave. The two responded. Two victims were located with gun shot wounds. Becker assisted with providing medical aid to both of the victims until the arrival of personnel from the Milwaukee Fire Department. Officer Gohmann rode with one of the victims to Froedtert hospital and Officer Becker remained on scene where he assisted with the investigation.

RESPONSE TO WESTLAWN

Officer Becker then drove to Froedtert where he met up with and picked up Officer Gohmann. The two were on their way back from Froedtert. They were planning on going to District 4 to file their reports from the shooting. Officer Becker stopped at the Kwik Trip off of N. 124th St. to pick up some food as he had not eaten all night. As they were driving to District 4, they heard Officers Schlei and Daering request another squad to their location. When they heard the officers request additional squads, they responded to assist with the call instead of going to file their reports at the district. Officer Becker explained that the request for additional squads did not seem urgent, but he knew from experience that if Officers Schlei and Daering were requesting more squads, it would be for something important.

Officer Becker was not sure what the nature of the call Officers Schlei and Daering were on but knew they were requesting additional squads to assist with clearing a large apartment building. The apartment building was part of Westlawn Gardens. Officer Becker is familiar with the apartment complex, has taken many calls there in the past, and explained many of the calls stemming from the

complex are of a violent nature (robberies, shootings, aggravated domestics, etc.).

Officer Becker explained that when he and Officer Gohmann arrived they parked facing southbound on N. 64th St. just south of W. Sheridan Ave. Officer Becker activated his body camera and was told by Officer Gohmann that his body camera was dead. They were met by security officers from the Housing Authority Unit who let them in a door located on the east side of the building. There, they met Officers Daering and Schlei on the ground floor of the apartment complex. A fifth officer, Officer Enk, who was on solo patrol was also responding and met the officers shortly thereafter.

Officer Becker explained when they entered the apartment complex he recalled hearing the alarm of the emergency exit door being opened going off. Officers Becker, Gohmann, Schlei and Daering cleared all three levels of the building and did not locate a suspect. While clearing the building, Officer Becker observed a silver colored casing on the floor of the east stairwell. He did not observe any bullet strikes. Officer Becker believed the nature of the call he was on was a shooting inside of the apartment building and that the shooter was still at large.

Officer Becker recalled encountering a female in the east stairwell of the apartment complex while they were clearing the building. The female made a sarcastic remark to Officer Schlei about not wanting to say what had happened. The officers then went to the second floor to a specific unit. Officer Becker did not remember what the unit number was. They went to the unit because Officers Schlei and Daering believed the occupants of the unit were involved with the call they were investigating. They were standing outside of the room in the hallway listening to what was happening inside of the apartment.

Officer Becker explained that Officer Enk was on scene and with the group of officers. While the officers were in the hallway investigating the call, a black male arrived at the unit in question. Officer Becker did not know where the male came from. The male asked the officers what they were doing. male then opened the door to the apartment in question and went inside. He then slammed the door behind himself. Shortly thereafter, Officer Schlei knocked on the door and an unknown occupant opened the door. Officer Becker then heard what he believed to be a patio door sliding open and someone jumping from the balcony. Officers on scene then alerted other officers that an individual was fleeing over the radio.

Officer Becker then ran outside, exiting through the same fire door he entered the building through. He broadcast to officers that he had containment on the east side of the building. Officer Becker did not observe anyone fleeing in the area.

CONTACT WITH THE SUSPECT

Approximately 15-30 seconds after Officer Becker got outside, a black male wearing an orange / red hooded sweatshirt exited through the same door. Officer Becker could not recall if this is the same individual he had previously had contact with outside of the apartment in question that entered the apartment. The subject had a black backpack over his right shoulder. Officer Becker explained the subject was in a rush as soon as he exited the building. Officer Becker and the subject looked at each other. Upon seeing Officer Becker, who was in full police uniform, the subject took off running northbound.

Officer Daering broadcast a description of a subject that was fleeing. The description of the fleeing subject precisely matched that of the subject Officer Becker observed exit the building. Officer Becker then initiated a foot pursuit of the subject and began to broadcast over the radio the foot pursuit.
Officer Becker recalled giving the following commands during the foot pursuit, "Stop!", "Police, Stop!", "You're going to get shot!", "I'll shoot!" and "You're going to get tased!" Officer Becker did not specifically recall at what time the commands were given to the subject.

The subject ran northbound to W. Sheridan Ave. where he ran northwest across the street. A white SUV was stopped on the side of the street and the subject tried to get in the passenger's side of the vehicle. Officer Becker did not know if the subject knew the occupants of the vehicle or if he was trying to steal the vehicle / carjack the occupants. It went through Officer Becker's mind that the suspect was trying to carjack the occupants of the vehicle.
As Officer Becker neared the rear of the vehicle, still in pursuit, the suspect was still on the passenger's side of the vehicle. Because Officer Becker was so close to the suspect, this caused the suspect to stop trying to get into the vehicle and continue to run on foot. The suspect ran westbound to the front of the car and then southbound into the street. The suspect circled back towards where they were just running from. Other officers were closing in on the suspect from multiple directions.

Officer Becker's radio unclipped from the front of his uniform and was hanging down to his side as he was running. Officer Becker did not recall seeing anything in the suspects hands during the initial stages of the foot pursuit. It was very difficult for Officer Becker to see the subject's hands after the time they ran around the white SUV because it was so dark outside.

Officer Becker explained it appeared the suspect was trying to figure out where to go because there were now multiple officers converging in on him. The suspect slowed down his running to drop the

backpack on the ground in the middle of W. Sheridan Ave. The suspect lowered the backpack onto the ground with his left hand and used his right hand to reach into the backpack. Officer Becker did not see if the suspect retrieved something from the backpack but the motion of his hand was consistent with him reaching for something inside of the backpack. After the backpack was placed on the ground the suspect began to run again.

The suspect was now running northbound up a driveway that led to the back of an apartment building. This area of the driveway was very dark and Officer Becker could not see the suspect or his hands very clearly. Officer Becker was the closest officer to the suspect, but Officers Enk and Gohmann were close as well.

Officer Becker drew his electronic control device (ECD) from its holster, which is located on the left side of his duty belt, and attempted to deploy it on the suspect. He held the ECD with his left hand. After deploying the ECD on the suspect, Officer Becker found the ECD did not have an effect on the suspect. Officer Becker believed the suspect was facing him when he deployed his ECD and described the suspect's flight at this point in the foot pursuit as a weird run.

After Officer Becker realized the ECD did not have an effect on the suspect, he dropped the ECD to the ground and drew his firearm from its holster. Officer Becker recalled saying, "I'm going to shoot you!" to the suspect. The suspect replied something to the effect of, "OK. Go ahead. Do it, I don't care." Officer Becker did not recall if these are the exact words of the suspect but did remember the suspect saying "Do it" verbatim. Officer Becker recalled the suspect saying, "Shoot me" both before and after Officer Becker deployed his ECD.

Officer Becker then explained at this point, the suspect was now facing the officers and moving backwards. Officer Becker got the impression the suspect was looking to see where the officers were in order to determine his next move. Officer Becker explained it was quite cold outside at the time and they had sprinted a decent distance. Officer Becker did not know if the suspect was tired and giving up at this point.

In an attempt to get a better view of the suspect, Officer Becker went to retrieve a flash light with his left hand (firearm was in right hand), but was unable to because he did not have a flash light on the left side of his body. Officers gave the suspect orders at this time and the suspect replied to them verbally but Officer Becker did not remember what was said.

Officer Becker believed the suspect was now holding a cell phone in his right hand. Officer Becker has experiences with suspects fleeing from him on foot and speaking on their cell phones during the

foot pursuit in an attempt to get someone to pick them up. Officer Becker then realized the item the suspect was holding in his right hand was not a cell phone but was a firearm. The suspect had the firearm pointed in the direction of Officer Becker and Officer Becker observed a muzzle flash coming from the gun. He knew the suspect fired at him at least one time but believed it may have been two times.

DEADLY FORCE

Officer Becker then raised his firearm and fired it at the suspect. Officer Becker was in fear for his life and used deadly force to stop the threat. He saw the firearm in the suspect's hand and pointed at Officer Becker and the suspect fired at least one round at Officer Becker. This met the criteria of imminent danger. Officer Becker stated the suspect was isolated in the parking lot and there were no other people around when he fired his gun.

Officer Becker explained he had no other option in dealing with the threat in front of him other than the use of deadly force. He stated, "All options were exhausted, I had to use deadly force".

Officer Becker stated he fired more than one round but less than seventeen. He stated he continued to fire at the suspect until the threat was stopped. Officer Becker explained after firing one volley of shots, he conducted an in-battery reload. After the reload, Officer Becker did not fire any more shots. Officer Becker believed at least one other officer fired his weapon and believed Officer Enk fired his weapon.

Officer Becker described the suspect was still attempting to run from the officers after the shots were exchanged. Officer Becker saw the suspect blade his body away from the officers and believed at this point he was no longer a threat. It was when the suspect bladed his body away that Officer Becker conducted the in-battery reload. Officer Becker could see the suspect was struck by gunfire and he was limping away from the officers at this point. The suspect went westbound in the parking lot he was now in.

Officer Becker believed the suspect was thirty to fifty feet away from him during the volley of gun fire. At the end of the shots being fired, Officer Becker believed the suspect was still between thirty to fifty feet away. Officer Becker stood stationary and without cover while he fired rounds at the suspect.

The suspect walked / limped another thirty feet and then collapsed in an area near the parking lot. Officer Enk and Officer Becker then approached the suspect from different angles to avoid cross fire.

They made contact with the suspect.

Officer Becker immediately began to render first-aid. The suspect was mildly conscious. Officer Becker stated the suspect had said some things while they were providing first-aid, but he did not remember what he said.

Officer Becker did not know where the suspect was shot. Additional officers arrived on scene and assisted with rendering first aid. Officer Becker then got up and went to find the firearm the suspect had dropped. Officer Becker found the firearm and stood by with the firearm until another officer relieved him. Officer Becker stated he found the firearm a few feet from where the suspect was standing when the suspect fired it at Officer Becker.

The female the officers previously encountered in the stairwell at the onset of the call was now outside. The female approached the scene and was yelling, "You shot him, you shot him!" Officer Becker told the officers from the housing authority to take care of the female. Officer Becker then went back to securing the firearm. P.O. West relieved him of this and Officer Becker then went back to where the suspect was to help render aid.

The suspect was in and out of consciousness. Officer Becker told the other officers to speak with the suspect to keep him awake. The suspect's shirt was removed and Officer Becker observed a gun shot wound to his upper left torso. Officer Becker used his IFAK (Individual First-Aid Kit) to obtain supplies to help treat the suspect. Officer Becker put a chest seal on the gun shot wound as Officer Becker believed the bullet struck the suspect's lung. Officer Becker recalled using his bare hand to seal the gun shot wound. He was given a latex glove that he used as an alternative chest seal until he was able to apply an actual chest seal. Officer Becker stated, "I didn't care to glove up. just wanted to help him".

Sgt. Rusch arrived on scene and asked the officers who had shot. Officer Becker told Sgt. Rusch he had shot. Before leaving with Sgt. Rusch, Officer Becker told the officers on scene that were providing first-aid to the suspect that he had left his IFAK and told the officers to use it on the suspect.

Officer Becker stated Sgt. Mason then arrived on scene and he went with Sgt. Mason. Officer Becker explained he had such an adrenaline dump that he did not know if he had been shot or not. He then checked himself and Sgt. Mason checked Officer Becker and found he was uninjured. Officer Becker provided his public safety statement to Officer Mason.

Mirandized Statement Of Marquis Little (M/B [redacted]/03)

On Wednesday, March 26th, 2024 at approximately 2:00pm, I Detective Kelly Zielinski, met with Milwaukee Police Department (MPD) Detective, Alex Klabunde at Froedtert Hospital to speak with Marquis I LIttle (M/B [redacted]/03). Det. Klabunde was investigation the initial MPD response of shots fired and the nonfatal shooting incident with MPD Officers at 64[redacted] W Sheridan Ave (MPD #24-03240147).

We met with Little who was in SICU #8. Little was in custody and was being guarded by a uniformed MPD officer. My body worn camera did record the entire interview and was later uploaded to the Wauwatosa secure server (Evidence.com). The following is a summary of the interview as it pertained to the Officer Involved Shooting portion of the interview. See Detective Klabunde's MPD supplemental report for further details of the interview)

At about 2:06pm pm , Detective Klabunde read Little his miranda warning. Little advised he understood his rights and would talk to us about the incident. Little stated he was at the Westlawn Apartments at his brother "Z[redacted]" house. He was talking with a uniformed officer with glasses at the apartment and his Uber arrived, so he went into the apartment to get his charger and left. While walking outside, he got scared because an officer was about to taze him. Little stated as he exited, he was scared about all the police around and he thought they were looking for someone else. Little stated he was on probation and did not want to go back to jail, then all off a sudden, the cops tazed him as he was running away and then was shot several times by Police.

At approximately the 11:40 minute mark of the interview, Little stated he only remembered shooting at the Officer once, stating " I just wanted him to back off me, I didn't want to shoot that officer". Little went on to say that he was scared, shot and dropped it", I didn't want to do it in the first place bro". Little further stated that he wanted to get away and fired one time at the ground. ***END***

TOXICOLOGY RECORDS

I, Det. John Milotzky, was assigned to assist with this case. On 04-11-24 I drafted a subpoena for the blood toxicology record from Froedtert Hospital for Marquis I. Little (M/B [redacted]-03). The subpoena was reviewed by DDA Megan Newport and authorized by Milwaukee County Court Commission Barry Phillips. The subpoena was attached to this report.

I provided Capt. Wrucke with a copy of the subpoena and requested that he serve it on the legal department of Froedtert Hospital.

On 04-12-24, the Froedtert Hospital Health Information Management Department faxed the five-page record to our department. The record does not show that there was any alcohol or drug testing done. I scanned and attached the record to this report.

NARRATIVE

EVIDENCE PROCESS-SPRINGFIELD 9mm

On 07-31-24 I was assigned to process a firearm that was in the custody of the Wauwatosa Police Department and originally collected by WSCL investigators during a MAIT investigation on 03-25-24. The firearm was originally turned over to me on 03-25-24 and was secured in our evidence gun safe. I removed the gun box from the evidence gun safe. I used nitrile examination gloves the entire time while handling the evidence. I inspected the firearm. It was a Springfield XDM Elite (serial # [redacted]) semi-automatic handgun, property **#24-000935-30 (WSCL item #30).** There was a magazine already removed from the firearm.

There were two envelopes inside the gun box. One was marked "Fired Cartridge case from chamber." This had the head stamp "Hornady 9mm Luger" and had an indention on the head stamp consistent with a firing pin striking it. I removed this envelope from the evidence gun box and entered it as a separate item of evidence:

24-002918-1: Envelope marked "Fired Cartridge case from chamber." FCC had the head stamp "Hornady 9mm Luger" was originally in evidence gun box WUPD property #24-000935-30.

The second envelope was marked "unfired cartidges (10)." It contained ten (10) rounds of 9mm ammunition-all hollow points. I recorded the following headstamps on the ammunition: four (4) "AMMO INC 9mm Luger," three (3) "Hornady 9mm Luger," two (2) "WIN 9mm Luger," and one (1) "SIG 9mm Luger." These remained in the evidence gun box.

While inspecting the empty magazine, I observed what appeared to be a mushroomed metal fragment (consistent with a fired hollow tip bullet) stuck in the top of magazine. I removed and packaged this bullet fragment separately:

24-002918-2: mushroomed metal fragment (consistent with a fired hollow tip bullet) stuck in the magazine originally in gun evidence box WUPD property #24-000935-30.

ITEMS USED TO COLLECT DNA EVIDENCE

· Sirchie brand distilled water
· Puritan Q-tip single tipped applicator
· Wauwatosa Police Department DNA biological evidence envelope
· Sirchie brand glassine evidence envelopes
· Nitrile examination gloves

I processed the below listed areas based on my training and experience. Once the swab was obtained it was placed in a new glassine evidence envelope. The glassine evidence envelope was then placed into a new DNA biological evidence envelope. I maintained possession of all the items.

I swabbed the following areas for potential DNA:

24-002917-1: Swab of GRIP of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30).

24-002917-2: Swab of REAR SLIDE SERRATIONS of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30).

24-002917-3: Swab of TRIGGER/TRIGGER HOUSING of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30).

24-002917-4: Swab of BUTTONS of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30).

24-002917-5: Swab of LIP OF MAGAZINE from Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30).

ADDITIONAL PROCESSING FOR FINGERPRINT EVIDENCE

I processed the following items using the department's Mystaire CA-6000, Cyanoacrylate Fuming Chamber:

24-000935-30: Springfield XDM Elite with magazine (serial # [redacted], WUPD property #24-000935-30, WSCL item #30).

I did not observe any usable latent fingerprint evidence.

PACKAGING EVIDENCE

After Cyanoacrylate Fuming, I packaged the above listed evidence in the original evidence gun box and secured the box with evidence tape (with my initials and date).

NIBIN Testing of Firearm

I assisted in this investigation by the testing of a recovered firearm for submission of test fired cartridge cases to the BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES (ATF) office for National Integrated Ballistics Information Network (NIBIN). Per their requirements, I conducted test fires of the recovered firearm to generate test cartridges.

Test Fire for NIBIN

On August 8, 2024 I removed the item from storage vault and retained custody during the testing procedure. I removed the firearm from the sealed packaging and later repackaged and resealed the item and returned it to the storage vault after the test fire. I obtained test ammunition from disposal stock. The firearm was test fired on a Wauwatosa Police range. I ensured the fired cartridge cases were recovered.

The following firearm was test fired:

24-000935-30: WSCL item #30, Springfield XDM Elite 9mm handgun (serial # [redacted]).

Wisconsin State Crime Lab Report Received & Reviewed: Firearms

I, Detective Stephen F. Kirby, received and reviewed a Wisconsin State Crime Laboratory (WSCL) report in this case. The report is dated September 24, 2024 and is report 4 in crime lab case R24-0862. It is authored by Jessica C. Crawford of the Latent Print section. A copy was scanned and attached to the case.

In summary, the submitted handgun, a Springfield Armory XD Elite 9mm with S/N [redacted] (item 24-0935-30) was found to be a functional firearm. It was found to be the gun which items 24-0937-27 (WSCL item #27, Brass fired cartridge case, headstamp "AMMO INC 9mm Luger" recovered on lawn, west of driveway, and east of 64[redacted] W Sheridan Ave.) and item 24-2918-1, (the fired cartridge case recovered from the chamber of the Springfield) were fired through. It was also found to be the gun which fired the recovered fired cartridge case in related MPD case 2403240147/WSCL case R24-2143 item "B".

Wisconsin State Crime Lab Report Received & Reviewed: DNA

I, Detective Michael Romeis, received and reviewed a Wisconsin State Crime Laboratory (WSCL) report in this case. The report is dated October 08, 2024 and is report 3 in crime lab case **R24-862**. It is authored by Pamela A. Taylor of the DNA section. A copy was scanned and attached to the case.

In summary, the following results were reported:

24-2917-1 (WSCL item A), swab of **GRIP** of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30): DNA was a mixture of four people, at least two males. There was Very Strong Support for INCLUSION that Marquis Little's DNA was one of those.

24-2917-2 (WSCL item B), swab of **Rear Slide Serrations** of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30): DNA was a mixture of three people, at least two males. There was Very Strong Support for INCLUSION that Marquis Little's DNA was one of those.

24-2917-3 (WSCL item C), swab of **Trigger Area** of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30): DNA was a mixture of five people, at least two males. Marquis Little's DNA was excluded as the major male contributor. The minor male component was not suitable for comparisons due to the complexity of the mixture.

24-2917-4 (WSCL item D), swab of **Buttons** of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30): DNA was a mixture of two people, two males. There was Very Strong Support for INCLUSION that Marquis Little's DNA was one of those.

24-2917-5 (WSCL item E), swab of **Lip of Magazine** of Springfield XDM Elite (serial # [redacted], WUPD property #24-000935-30, WSCL item #30): had a limited amount of male DNA that was unsuitable for further testing.

See the reports for details.

The information was forwarded to Sergeant Wood.
